

New Steps Taken To Refute Reports Of German Agents

Aviation Field and Medical
Corps Casualty Lists To
Be Issued Weekly

102 Aviators Killed

This Is the Total to Date Since
the Flying Schools Were
Opened

(Special Dispatch to The Tribune)

WASHINGTON, May 5.—To counteract the damaging work of propaganda in the employ of the German government or sympathetic to the cause of the Central Empires, the Committee on Public Information today inaugurated a weekly or monthly publication of the number of death on our flying fields. The plan has also been extended to the Medical Corps. Periodic reports will be forthcoming from the Surgeon General's office on the number of wounded and sick American soldiers arriving here from the front.

So many wholly false stories have been circulated by pro-Germans about deaths in flying fields and the number of American soldiers wounded at the front that the publication of accurate figures by the government in these two areas was deemed advisable. The first list of flying field casualties, made public today, showed a total of 102 deaths in aviation schools and camps in this country and at Camp Borden, Ontario, where American flying cadets are training with the Canadian air corps, from the establishment of the schools to April 24. The various flying camps and the deaths reported in each follow:

Carlstrom Field, Arcadia, Fla.: 1; Carlstrom Field, Wicoma, Fla.: 5; Chandler Field, Essex, Penn.: 1; Ellington Field, Houston, Tex.: 17; Gasterfield, Lake Charles, La.: 11; Hines Field, Okla.: 1; Kelly Field, San Antonio, Tex.: 4; Kelly Field, Dallas, Tex.: 4; Kelly Field, Millington, Tenn.: 9; Post Field, Fort Stockton, Tex.: 1; Rich Field, San Diego, Cal.: 4; Rich Field, Waco, Tex.: 1; Scott Field, Belleville, Ill.: 1; Sillfield Field, Mount Clemens, Mich.: 2; Camp Borden, Ontario, Canada: 3; Camp Taliaferro Field, No. 2, 2; Camp Taliaferro Field, No. 3, 1; Wilbur Wright Field, Fairport, Ohio, 1.

Connecticut Boy Killed in Action; Others Wounded

NEW HAVEN, May 5.—Word was received to-night that Robert R. Remington, of West Street, New Haven, had been killed in action in France. His father, Peter Remington, of New Haven, word last week that he had been wounded.

He was nineteen years old and was married. He was formerly a munitions worker. Besides his parents, he leaves six brothers and five sisters. He was a private of the Grays Company of the 102d Infantry.

A telegram to-night announced that Lewis A. Nye, of 237 English Street, New Haven, had been slightly wounded. He is son of George H. Nye, a business man. He is nineteen years old and unmarried. He was a member of the Blues, Company D, 102d Infantry, and served at the Mexican border.

A telegram to-night announced that John E. Lilley, of 1000 North Street, Fair Haven, Conn., had been wounded. He is unmarried and his parents are dead. He is nineteen years old, and was formerly a munitions worker.

Pathetic Protest Issued by Mercier

LONDON, April 15.—The protest by Cardinal Mercier against the requisition by the Germans of bells and organs for use in the manufacture of munitions forms a touching document, and is the Exchange Telegraph Company.

"The taking away of our bells," says the Cardinal, "is sacrilege. The bell summons you to confession, your first communion, your marriage, and it weeps over your dead. It associates to prayers with all great memories, happy or unhappy, of our country. We should betray our Church and our country if we are cowardly enough to witness without an act of public protest the taking away of this metal, which the enemy will convert into engines of destruction turned against the heroes who are sacrificing themselves for us."

"Strengthened by an unconquerable hope, we await the hour of our God."

Dutch Crisis Is Ended; Berlin Limits Demands

THE HAGUE, May 5.—Jonkheer van der Smissen, Dutch Minister of Foreign Affairs, informed the Chamber to-day that the tension between Holland and Germany was ended.

He said that Germany had agreed to limit the amount of sand and gravel transported through Dutch waterways to a maximum of 1,000,000 tons per annum—an amount considered useful for the repair and maintenance of the Dutch roads—and had undertaken not to use the material for military purposes. Holland had without delay agreed that a commission of control should be constituted in Belgium to supervise the employment of the materials.

LONDON, May 5.—German airplanes have recently been seen flying over the little boats have been captured in the North Sea. Five Dutch submarines landed yesterday at a British port after a harrowing experience. They said their boats had been attacked by German airmen, who for two weeks had been firing machine gun bullets on their unarmored boats.

The crew took to the boats and were sixty miles before being picked up by a small British vessel. Their ship was later brought into harbor by a British destroyer, and bore numerous signs of enemy fire.

"Sturmpanzerkraftwagen!"

That's the only German for Tank

Casualties Among Our Fighting Men Abroad

WASHINGTON, May 5.—The casualty list to-day contained 119 names, divided as follows:

Killed in action, 10; died of wounds, 1; died of accident, 2; died of disease, 1; died of other causes, 2; missing in action, 10; wounded severely, 26; wounded slightly, 67.

Six officers were named, including Colonel Richard H. Griffiths, of the National Army, who was killed by a shell on the front in Picardy days ago.

Major Hiram L. Ross, Danville, Ill., was wounded severely, and Lieutenants Frederick C. Abbott, St. Louis; Frederick L. Gregory, Caribou, Me.; James C. McCoy, Pierre, S. D.; and John B. Smith, Fond du Lac, Wis., were wounded slightly.

They followed:

(All names not otherwise marked are those of privates.)

Killed in Action

GRIFITHS, Richard H., colonel, London, England.

AHNER, Frank, sergeant, Stamford, Conn.
